1. MUNICIPALITY LOCAL WORK PROGRAM

Local Government of Újszilvás
2768 Újszilvás (HU) Szent István str. 6.

1. MUNICIPALITY LOCAL WORK PROGRAM

- 2017 - 50 person
- 2018 - 38 person
- 2019 - 30 person
- 2020 - 30 person
- 2021 - 28 person
- 2022 - 25 person
- 2023 - 22 person
- 2024 – 17 person
- 2025 - ???

CONCLUSION

- create local jobs - involve local disabled and unemployed people – offer solution for active life,
- making money- providing better conditions for unemployed people,
- local organic products – organic food – reduce ecological footprint
- strengthening of local values,
- improvement of local awareness, education, cooperation,
- make agriculture fancy,
- multigenerational teams in one workplace,
- we can find different solution for evaluation – NGO/school

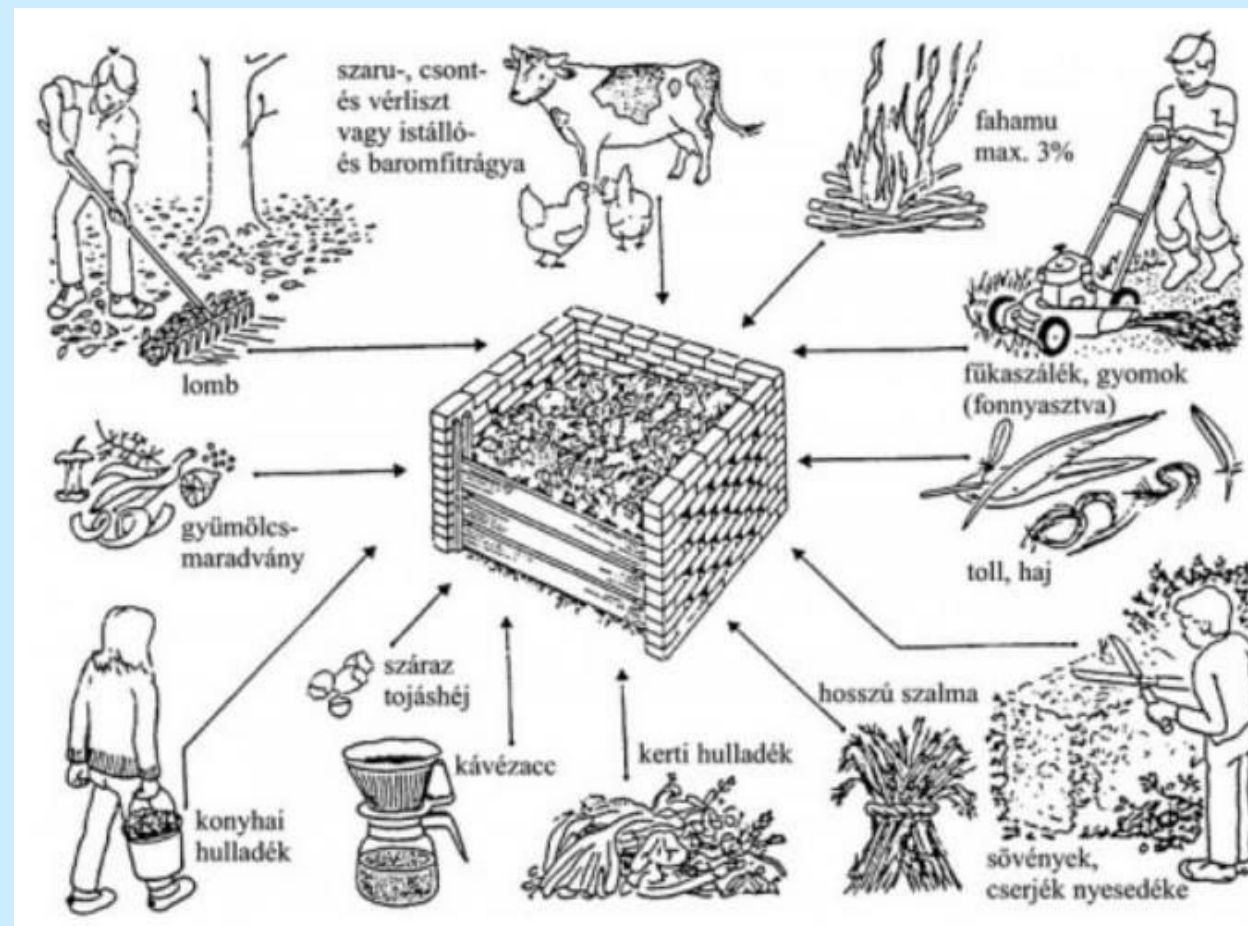

2. COMPOST PROJECT

- In 2009, a pilot project promoting home composting was implemented in Újszilvás.
- 500 (1m³) wooden boxes were distributed among the residents. (with instructions for use - what can and cannot be put in it)
- The goal was to reduce the amount of biodegradable organic waste.

In 2010-2011, Újszilvás was the first settlement in local area where waste was collected selectively, in yellow and blue containers.

CONCLUSION

- simple - easy to involve local population,
- family activity – transgenerational cooperation,
- improve sustainability,
- different way for evaluation (compost box – lead school, NGO, municipality)
- message – safe ground, strengthening of local values, improvement of local efforts and activities,
- awareness, education, cooperation,

3. FIGHT AGAINST SCEPTICISM

- Increasing in EU
- „No climate changes”
- „You can’t do anything because you are just one small point”

CONCLUSION

- **Involve local municipality, NGO, school, population,**
- **We should find good local solutions, best practices, samples**
- **We should find communication channels**
- **How can we improve awareness, education, cooperation?**

THANK YOU!
